Bay Area Rock Band

Medicine Jar is a rock band from the San Francisco Bay Area, specializing in original music in the style of late 90's and early 2000's alternative rock. Our album, *Human By Design*, is out on streaming and CD.

We are playing throughout the Bay at venues like The Bistro, Winter's Tavern, and The Quarter Note, and looking to expand.

A set includes our original music, sprinkled with a few choice covers. We are currently available for gigs and festivals.
